

Adopt-a-Unit

September 11th changed the way we live. In response to the events of September 11th, troops were deployed to Afghanistan to begin the War on Terrorism, and to rid Afghanistan of those who had a part in the terrifying events of that day.

Still today, some five years later, there are thousands of troops in Afghanistan supporting what is known as Operation Enduring Freedom. Daily living conditions for these deployed troops are less than adequate due to the terrain, unpredictable environment, and the surrounding threats from those who are still fighting for their terroristic cause.

We can make a difference for those troops still serving in Afghanistan. One simple way we can help is by adopting a unit already deployed and by sending items to them that we use each and every day. Items such as playing cards, toiletries, snack crackers, movies, magazines, sunscreen, and powdered drink mixes are just some examples of the items that can make a difference for our troops.

We will gather items for donation to the troops in Afghanistan through October 4th. In early October we will work out the logistical details with the Postal Service and Army for the shipment of these items to some of the units serving in Afghanistan. We will also have some cards on display for everyone to sign in late September which will become part of the shipments.

If you are interested in joining us in this donation effort for our troops, please bring in new items you wish to donate and place them in the *Adopt-a-Unit* donation barrels. If you would like to make a financial donation and have items purchased for the troops on your behalf you can do that as well.

Thank You in advance for supporting our donation effort and for supporting our troops!
